

ZOOM SYSTEM REQUIREMENTS

FOR YOUR UPCOMING ZOOM CALL, ENSURE THAT YOU HAVE THE FOLLOWING:

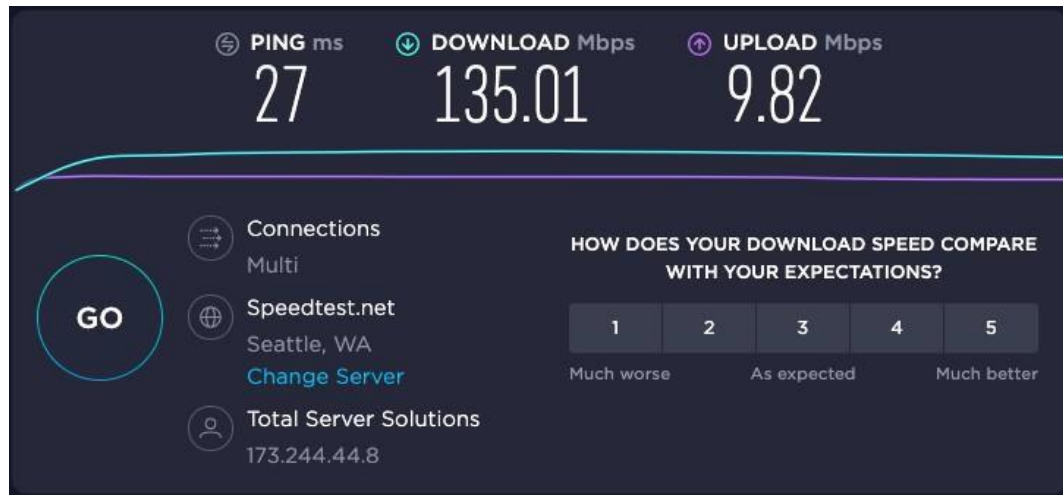

- An internet connection
 - Please follow the steps below to ensure you have a fast-enough connection.
- A webcam
 - This can be built into your computer or USB plug-in.
- A microphone
 - This can be built into your computer, USB plug-in or Bluetooth.
- Speakers
 - This can be from headset, external speakers, or speakers built into your computer.

TEST YOUR INTERNET SPEED

1. Open a browser on the computer you intend on using for class.
2. Connect to the internet or Wi-Fi network you intend on using for class.
3. Go to <https://www.speedtest.net/> and click the GO button.

4. Get your results. They should be presented like this.

Zoom recommends:

- A minimum 0.8 Mbps for your DOWNLOAD speed for group calls.
- A minimum of 1.0 Mbps for you UPLOAD speed for group calls.

(The higher either of these are the better.)
